Mohamed Elshahat Elshahawi

FrontEnd Developer

mahamed.elshahat55@gmail.com | 01065560657 | C a i r o | LinkedIn | GitHub

PROFILE

Front-End Developer with 2 years of experience in building responsive, user-friendly websites and web applications. Professional in **HTML**, **CSS**, **JavaScript**, and modern frameworks like **React / vue**. Skilled in transforming design wireframes into high-quality code, optimizing performance, able to effectively self-manage during independent projects, and collaborating with teams to deliver seamless user experiences .

EDUCATION

Im a Student in **leve 3 in Computer Science in Mansoura University in sectin IT** and computer science including programming, **algorithms**, **data structures**, and web development. gained practical skills through internships, and collaborative projects. Proficient in multiple programming languages **[Python, C#]** and experienced with real-world IT systems and problem-solving.

09/2022 – present
Mansoura,Egypt

EXPERIENCES

Front-End at AZZRK
The internship allowed me to refine my problem-solving skills and work within a dynamic team environment. Overall, my experience at Azzrk was invaluable in buiding both my technical and collaborative abilities

08/2024 –10/2024
Talkha,Mansoura

SKILLS

- <u>General</u> : HTML - CSS - JavaScript -TypeScript - SASS -OOP
- <u>Library</u> : JQuery - Bootstrap
- <u>Frameworks</u> : TailwindCSS - React.JS- ReactRedux - Vue.JS
- <u>DevOps :</u> Git - github
- <u>DataBase</u> : MySQL

PROJECTS

My Portfolio ⬈
Explore my projects and my skills in Frontend to see how I leverage modern front-end technologies and design principles to build responsive, user friendly web applications

Travel ⬈
Travel website now you can book your ticket to travel for any country easily and from home

Cars ⬈
Our website offers a wide range of cars for both purchase and rental, specializing in family cars and sports cars.

Portfolio ⬈
Protofolio website for any developer and can make your projects in collection of images can filter your Projects cupboard

XO ⇗
Challenge your friends classic two-player game, where the goal is to mark three consecutive spaces in a 3x3 grid with X or O

Cryptocurencies ⇗
a website for a cryptocurrency focusing on real-time price tracking and news updates

COURSES

DEPI ⇗   10/2024 – present
The **React Diploma at DEPI (Egypt Digital Pioneers Initiative)** is an advanced program designed to equip developers with in-depth knowledge of React.js and modern front-end development practices. It covers key concepts such as component-based architecture, state management (Redux, Context API), React Hooks, performance optimization, and integration with APIs. The diploma focuses on practical, real-world applications, enabling participants to build dynamic, responsive, and high-performance web applications.
